

Welcome!

Prior to scheduling dental treatment (other than an exam, x-rays, and cleaning appointments) payment is collected in full.

We offer the following financial options. Please let us know if you have any questions.

- **We accept Cash, Check, Visa, MasterCard, American Express and Discover Cards.**
- **Care credit:** For treatment **over \$300.00**. You can apply online or while in our office and approval is known within a few minutes. Care Credit offers 3, 6, 12 and 18 month interest free plans. There is no down payment required, no annual fees and no pre-payment penalty for this plan.
- **Springstone:** For treatment **over \$499.00**. You can apply online or in office and approval is also known quickly. Payments can be stretched over 6-84 months. There is no upfront payment and first payment is not due for 3-7 weeks. This plan also offers no pre-payment penalties.
- **Dental Insurance:** We are happy to submit your dental claims to your carrier. Please know that variables exist (i.e. deductibles, annual maximums, allowable fee limitations, non-coverage procedures and other restrictions). Therefore, we cannot guarantee any estimated charges. Most dental insurance plans do not cover 100% of your cost of treatment. Because your insurance is an agreement between you and your insurance company, ultimately you are responsible for all coverage and any outstanding balance.
